## **DETAILED ACTION**

### ***Reasons For Allowance***

The following is an examiner's statement of reasons for allowance: the prior art reference has failed to disclose or suggest a method of treatment comprising the steps as recited in the independent claims 5 and 12, especially the step of advancing a treatment catheter over the guidewire to position the treatment catheter at the treatment site, the treatment catheter having a distal portion carrying an expandable treatment device, the treatment device being expandable from an unexpanded configuration where an outer wall of the treatment device has a first diameter to an expanded configuration where the outer wall has a second diameter, the second diameter being greater than the first diameter.

Claims 5-7, 9, 11-23 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance.".
